Title: Neuro-Ophthalmology Practice and Training.

Reports To: Office Manager

Job Purpose:

Neuro-Ophthalmology Consultants of Rochester has an opportunity for individuals who wish to practice or train in Neuro-Ophthalmology and related fields including multiple sclerosis and Neuro-immunology, eye pain and headache, and diagnostic medicine.

We are looking for individuals trained at any level who have an interest or experience in any of these areas including fully trained neuro-ophthalmologists, board-eligible or board-certified neurologists and ophthalmologists, and residents/fellows. We offer the highest caliber staff and state-of-the-art diagnostic technology including MFERG and OCT-3.

The practice has a strong commitment to Dr. George Engel's Biopsychosocial approach to the care of patients. Rochester is an ideal community for educating children and raising a family with good schools, affordable housing, outstanding cultural institutions and diverse outdoor activities. If you have an interest in this opportunity or know of someone who might be interested, please speak to me directly at 585-461-5330.
